Order key

Technical data

Connection:	plug-type connector M12x1 4-pole, material TPU on PP-housing ø68x40mm
Mounting:	thread 1 1/2", material PP
Tube:	ø16mm, length L in mm according to specification, material PP
Float:	ø41x50mm, material PP, type S17
Resolution:	2,54mm or 5,08mm
Measuring range level:	reed chain according to specification
Load:	4 ... 20mA over a length L of 95mm = measuring range
Supply voltage:	max. 500 Ohm
Pressure:	12...24VDC ±15%, reverse polarity protected
Operating temperature:	max. 1 bar
Protection rating:	-20°C to 80°C in medium, -20°C to 70°C above mounting
	IP 65
