

Data sheet

Analogue Level Measuring

Type: ANM-1...

Terminal diagram

Order key

Example: ANM-1. 200 . 2,5

Type

Length L of the tube

Resolution 2,54mm; 5,08mm

Technical data

Connection:	right-angled connector M16 EMV 2-pole, material brass nickel-plated
Mounting:	thread 1 1/2", material alu
Tube:	ø12mm, length L in mm acc. to customer specification, material brass
Float:	ø40x40mm, material PP, type S2
Resolution:	2,54mm or 5,08mm
Measuring range level:	reed chain acc. to customer specification
Load:	4 ... 20mA over a length of L - 80mm = measuring range
Supply voltage:	max. 500 Ohm
Pressure:	12...24VDC ±15%, reverse polarity protected
Operating temperature:	max. 1 bar
Protection rating:	-20°C to 80°C in medium, -20°C to 70°C above mounting
	IP 65
